**C.2. INSTRUCTIONS FOR REPORTING ON THE INDIVIDUAL CONTRACT ACTION
REPORT (ICAR) (For Edit Specifications See C.4.)**

Item 1. REPORTING AGENCY

Report the appropriate four (4) digit agency and subagency identification code from Federal Information Processing Standards (FIPS) Publication 95 (FIPS 95).

Item 2. CONTRACT NUMBER

Report the contract or purchase order number. If this action is an order against a federal schedule contract or an indefinite delivery contract, report the contract number in this item and report the order number in Item 4. If this action is an order under a basic ordering agreement, report the basic ordering agreement number in this item and report the order number in Item 4. When reporting contracts placed under Section 8(a) of the Small Business Act, report the contract number assigned by the reporting agency in this item rather than the number assigned by the Small Business Administration (SBA).

Item 3. MODIFICATION NUMBER

When reporting modifications to contracts or orders, report the modification number assigned by the reporting contracting office. Terminations are to be reported as modifications and must have a modification number.

For agencies awarding federal schedule contracts, see Part III, C.3b. and the accompanying chart for additional instructions on modification number.

Item 4. CONTRACTING OFFICE ORDER NUMBER

Leave blank if Item 9 is coded Z (GSA or VA).

Report the unique number assigned by the contracting office to identify delivery orders or task orders placed against indefinite delivery contracts, federal schedule contracts or basic ordering agreements, and calls/orders against Blanket Purchase Agreements.

Item 5. CONTRACTING OFFICE

Report the 5-character code (assigned by the agency) that uniquely identifies the purchasing or contracting office.

Item 6. ACTION DATE

Report the date of award or date a mutually binding agreement was reached, not the date the ICAR was prepared. Use four (4) digits to indicate the calendar year and two (2) digits to indicate the month (e.g., 199710 for October 1997). The action date should be the date of the written obligation of funds. In the case of letter contracts, the date to be entered is the date when the signed copy is received from the contractor, if the contractor signed after the contracting officer. For contracts awarded in one fiscal year and not effective until the next (because they are contingent on the availability of funds or for other reasons), the date shall be the date the funds are obligated. Actions that is not effective until a following quarter because of fund availability shall be reported in the next quarter.

Item 7. TYPE OF DATA ENTRY

Report the appropriate code to indicate that the report is an original, deleting, or correcting entry, as follows:

- Code A = Original - Use this code to report an action that has not been previously reported to the FPDS.
- Code B = Deleting - Use this code to delete a matching action (one that is identical in fields 1,2,3,4,5, and 6) which has been previously reported to the FPDS.
- Code C = Correcting - Use this code to correct an action previously reported to the FPDS.

NOTE: If key fields 1,2,3,4,5, or 6 are to be changed, a correcting entry cannot be processed. Instead, the original entry must be deleted and a new original must be submitted.

Item 8. REPORT PERIOD

Report the four (4) digits of the fiscal year and the single digit for the fiscal quarter (1,2,3,or 4) for which data were reported by the agency data collection point.

Item 9. KIND OF CONTRACT ACTION

Report one of the codes below for each action reported:

- Code A = Initial Letter Contract. Report this code when an initial letter contract is executed. For a letter contract that is designated as a modification of an existing contract, report code H. Use code B to report the definitization of a letter contract.
- Code B = Definitive Contract Superseding Letter Contract. Report this code when applicable.
- Code C = New Definitive Contract. Report this code when the first binding document is the instrument containing all the terms and conditions of the contract. Use code C to report an indefinite delivery contract where funds are obligated on the contract, and not on the individual orders.
- Code D = Purchase Orders/BPA Calls Using Simplified Acquisition Procedures. Report this code when the contract action is over \$25,000 and awarded as a purchase order or call under a Blanket Purchase Agreement (BPA) using the simplified acquisition procedures in FAR Part 13. Code D may also be used to report acquisitions under the commercial items test program in FAR Subpart 13.5 that are above \$100,000 and awarded as purchase orders or BPA calls. Agencies may report contract actions over \$25,000 but less than or equal to \$200,000 in support of a contingency operation (see FAR 2.101) in Code D or on the SF 281, if detailed information is not available. [Only the Secretary of Defense can declare a contingency operation (10 USC 101(a)(13)).] Modifications to simplified acquisitions shall be reported as code H. Any agency that chooses to

report on the SF 279 contract actions of \$25,000 or less made pursuant to simplified acquisition procedures (including Micro-purchases awarded using procedures other than government purchase cards) should use code D.

NOTE: See Code G for special instructions to report order/calls against BPAs under Federal Schedule Contracts.

- Code E = Order Under Single Award Indefinite Delivery Contract (IDC). Report this code when the action is an order under a single award indefinite delivery contract awarded by any agency. Orders under federal schedule contracts shall be reported as code G rather than E. Orders under multiple award task orders or delivery orders, indefinite delivery indefinite quantity (IDIQ) contracts shall be reported as code L. See Appendix B for definition of indefinite delivery contracts.
- Code F = Order Basic Ordering Agreement (BOA). Report this code when the action is an order under a BOA awarded by any agency.
- Code G = Order/Modification Under Federal Schedule. Report this code when the action is an order, modification to an order, or termination of an order under a federal schedule contract. Also, report this code when the action is an order/call against a BPA under a federal schedule contract. For an order/call against a BPA under a federal schedule contract, report the federal schedule number in Item 2, and the BPA order number in Item 4. (See Appendix B for definition of federal schedule contract and Part III, C.3c. for instructions on reporting orders against federal schedule contracts.) Orders under GSA area-wide contracts for utility services shall be reported as code E rather than code G.
- Code H = Modification. Report this code when the action is a modification to an existing letter contract, definitive contract, or order (except a modification to an order under a federal schedule contract shall be reported under code G).
- Code J = Termination for Default. Report this code when the action is a modification that executes a termination for default settlement (except a modification to an order under a federal schedule contract shall be reported under code G).
- Code K = Termination for Convenience. Report this code when the action is a modification that executes a termination for convenience settlement (except a modification to an order under a federal schedule contract shall be reported under code G).
- Code L = Order Under Multiple Award Contract. Report this code when the action is a task order for services or a delivery order for supplies and equipment issued under a multiple award IDIQ contract awarded by any agency pursuant to the multiple award preference set forth in FAR 16.504(c)(1) or 16.504(c)(2). See Appendix B for definition of task order and delivery order IDIQ contracts.
- Code Z = Initial Load of Federal Schedule Contract. Report this code for the initial load of a federal schedule contract. This code is authorized for use only by GSA and VA pursuant to Part III paragraph C.3b. (See Appendix B for

definition of federal schedule contract.) **CHANGES TO FEDERAL SCHEDULES MUST BE MADE BY CORRECTING RECORDS ONLY.**

Item 10. DOLLARS OBLIGATED OR DEOBLIGATED THIS ACTION

Leave blank if Item 9 is coded Z (GSA or VA).

Report the amount obligated or deobligated by the reported action in 11-digits with leading zeros as necessary. The amount reported shall be rounded to the nearest thousand and then truncated to eliminate the zeros resulting from the rounding. For example, \$25,498.50 will be rounded to \$25,000 and reported as 00000000025 while \$25,501.60 will be rounded to \$26,000 and reported as 00000000026. Obligations and deobligations between minus \$500 and plus \$500, when rounded to the nearest thousand dollars, would result in a zero entry and shall not be reported to the FPDS.

Item 11. TYPE OF OBLIGATION

Leave blank if Item 9 is coded Z (GSA or VA).

- Code A = Obligated. Report this code if the action obligates dollars.
- Code B = Deobligated. Report this code if the action deobligates dollars.

Item 12. PRINCIPAL PRODUCT OR SERVICE

Leave blank if Item 9 is coded Z (GSA or VA).

a. Report the four (4) character code from the FPDS Product and Service Codes Manual identifying research and development, services, or supplies and equipment. If more than one code applies, report the code that represents the predominance of the dollars obligated or deobligated for the contract/action.

b. For research and development, report the appropriate code from Section I, Part A of the FPDS Product and Service Codes Manual. These codes begin with the letter 'A'.

Do not report R&D codes for acquisitions, rental, or lease of supplies or services when incidental to and purchased separately from R&D work. Such services, supplies, or equipment shall be coded in accordance with Section I, Parts B and C, of the FPDS Product and Service Codes Manual, even though R&D appropriations are used. Do not use R&D codes for orders under federal schedule contracts.

c. For services other than research and development, report the appropriate code from Section I, Part B, of the FPDS Product and Service Codes Manual. These codes begin with a letter other than 'A'.

d. For supplies and equipment, report the appropriate code from Section I, Part C of the FPDS Product and Service Codes Manual. These codes are numeric.

Item 13. PRINCIPAL NORTH AMERICAN INDUSTRY CLASSIFICATION SYSTEM (NAICS) CODE

Report the 6-digit code from the North American Industry Classification System (NAICS) Manual. There is a crosswalk from SIC to NAICS codes on the Census web site using the address <http://www.census.gov/epcd/www/naics.html>. If more than one code applies, report the

code that best identifies the product or service acquired and represents the predominance of the dollars obligated or deobligated for the contract/action.

Item 14. COMMERCIAL ITEM ACQUISITION

Report the appropriate code.

- Code Y = Yes. Report this code if the contract action is for a commercial item procured pursuant to the procedures in FAR Part 12 (Acquisition of Commercial Items) and clause 52.212-4 was included in the contract.
- Code N = No. Report this code if the action is not for a commercial item procured pursuant to FAR Part 12 procedures.

Item 15. CONTRACTOR NAME

Report the name of the contractor (up to 30 characters) receiving the award. For awards under the 8(a) Contract Award program, report the name of the performing contractor, not the Small Business Administration (SBA).

Item 16. CONTRACTOR IDENTIFICATION NUMBER

The Federal Procurement Data System (FPDS) web address is fpds.gsa.gov. The site will provide information on files that are downloadable. For the DUNS file, the DUNS numbers are identified as either "VALID" or "NOT!" valid.

If the DUNS number represents Federal Prison Industries, i.e., UNICOR, report items 1 through 17 only, and leave remaining items blank. The DUNS number for UNICOR is 626627459.

- a. Report the nine (9) digit numeric DUNS number assigned by Dun & Bradstreet or reported by the contractor that identifies the contractor establishment receiving the award. The 8(a) Contract Awards, report the DUNS number of the performing contractor, not the Small Business Administration.
- b. If the contractor does not provide its DUNS number, the contracting office can obtain one by contacting Dun & Bradstreet, Inc., as follows:

1. Telephone: 1-888-546-0024
2. Facsimile: 1-610-882-7140.

- c. Dun and Bradstreet will honor telephone requests for up to ten (10) DUNS numbers per call. Requests for larger quantities should be faxed to the number in paragraph b. above or mailed to:

FPDC Department
Dun and Bradstreet Information Services
899 Eaton Avenue
Bethlehem, PA 18025-0013

- d. DO NOT direct this request to any other Dun & Bradstreet office. The following information will be requested by Dun & Bradstreet at the time of the request:

1. Reporting agency name.
2. Requester's agency code.
3. Contracting office code.

4. The name and phone number of the individual making the request.
5. If the contractor is domestic (address with the U.S.), provide the contractor establishment name, street address, city, state, zip code, and telephone number (if available).
6. If the contractor is foreign (address outside the U.S.), provide the contractor establishment name, street address, province (if any), city, country, postal code, and telephone number (if available).

Item 17. PRINCIPAL PLACE OF PERFORMANCE

Leave blank if Item 9 is coded Z (GSA or VA).

Report the code of the city, state, foreign country, or Government installation where the items will be produced, manufactured, mined, or grown or where the service will be performed. This item refers to the contractor's final manufacturing assembly point, processing plant, construction site, place where a service is performed, location of mines, or where the product is grown.

If the items are supplied parts shipped from stock by a regular dealer, the place of performance is the regular dealer's location. If a subcontractor who produces the items ships the items for the regular dealer, the place of performance is the subcontractor's location.

If more than one location is involved, report the code of the location involving the largest dollars' share of the contract.

For construction and architect/engineer contracts, report the construction site location. If the contract is for architect/engineer design work, the place of performance is where the design work is being done.

If the place of performance cannot be determined (e.g., if the contractor has multiple location sites performing the same volume of work), or commercial item acquisition procedures were used, report the contractor's billing or home office location.

Report the code for principal place of performance as follows:

- a. For Washington, DC, report 11 for the state and 50000 by the city code.
- b. For the 50 States and the US outlying areas, report the appropriate 2-digit numeric code found in FIPS PUB 55. For cities or localities in the 50 States and US outlying areas, report the 5-digit code found in FIPS PUB 55. If the city or locality is not listed in FIPS PUB 55, find the county (or equivalent) in FIPS PUB 55 and report that 5-digit numeric code (county codes are listed last in each state's listing and begin with 99). Leave "Foreign Country" blank.
- c. For locations outside the 50 States and US outlying areas, leave "State" and "City" blank and report the 2-position alphabetic country code from FIPS PUB 10.

Item 18. CONTRACT FOR FOREIGN GOVERNMENT OR INTERNATIONAL ORGANIZATION

Leave blank if Item 9 is coded Z (GSA or VA).

Leave blank if Item 16 is coded UNICOR (DUNS=626627459).

Report code Y if a foreign government or international organization bears any part of the cost of the action. Otherwise, enter code N. (See Part III, C.3e, Multiple Reporting.) If code Y is reported, DO NOT report Items 19-35 and 40-47.

Item 19A. USE OF EPA DESIGNATED PRODUCTS

Leave blank if Item 9 is coded Z (GSA or VA).

The Resource Conservation and Recovery Act (RCRA), Section 6002 and Executive Order 13101 require the purchase of Environmental Protection Agency (EPA) EPA-designated products with a required minimum recovered material content as described in an agency's Affirmative Procurement Program (APP). This list of EPA-designated products is available at <http://www.epa.gov/cpg>. This requirement applies to all contracts that require EPA-designated products. When purchasing a product or products on this list without the required minimum recovered material content, a written justification based on exception codes B, C, or D below is required by FAR 23.405(c). If more than one exception applies or more than one justification was completed, report the predominant exception code or the code for the highest cost EPA-designated item for which a justification was completed. Select one of the following:

- Code A = EPA-designated product or products were purchased and all contained the required minimum recovered material content.
- Code B = EPA-designated product or products were purchased without the required minimum recovered material content and a justification was completed based on inability to acquire the product(s) competitively within a reasonable time (FAR 23.405(c)(1)).
- Code C = EPA-designated product or products were purchased without the required minimum recovered material content and a justification was completed based on inability to acquire the product(s) at a reasonable price (FAR 23.405(c)(2)).
- Code D = EPA-designated product or products were purchased without the required minimum recovered material content and a justification was completed based on inability to acquire the product(s) to reasonable performance standards in the specifications (FAR 23.405(c)(3)).
- Code E = No EPA-designated product(s) were required.

Item 19B. USE OF RECOVERED MATERIAL AND WASTE REDUCTION CLAUSES (STARTING FY 2002)

- Code A = Recovered Material and Waste Reduction Clauses. Report this code only if the contract includes FAR 52.223-4, Recovered Material Certification, or FAR 52.223-4, Recovered Material Certification and FAR 52.223-9, Estimate of Percentage of Recovered Material Content for EPA-Designated Products or FAR 52.223.10, Waste Reduction Program.
- Code B = Report this code if neither clause is included in the contract.

Item 20. PERFORMANCE-BASED SERVICE CONTRACTING (PBSC)
--

Leave blank if Item 16 is coded UNICOR (DUNS 626627459).

Leave blank if Item 9 is coded Z (GSA or VA).

Leave blank if Item 18 is coded Y.

Leave blank if, PSC (item 12), product code is numeric or if service code begins with 'C', 'S1', 'Y'.

Report Y if the contract meets the requirements described below.

Report N if the contract does not meet the requirements described below.

Performance-Based Service Contracts (PBSC) define work in measurable, outcome – oriented terms. PBSCs do not use imprecise or broad statements of work; prescribe how to perform the work; or specify job categories or personnel qualifications (i.e., resumes). FAR 37.601 define the minimum essential elements of a PBSC. A PBSC –

- a. Describes the requirements in terms of results required rather than the methods of performance of the work;
- b. Uses measurable performance standards (i.e., terms of quality, timeliness, quantity, etc.) and quality assurance surveillance plans (see 46.103(a) and 46.401(a));
- c. Specifies procedures for reductions of fee or for reductions to the price of a fixed-price contract when services are not performed or do not meet contract requirements (see 46.407); and
- d. Includes performance incentives where appropriate.

For FPDS reporting purposes, a minimum of 80% of the anticipated obligations under the procurement action must meet the above requirements.

PBSC applies to service codes. Product and Service Code (PSC) must begin with 'A' through 'Z' except for Architect/Engineering (A/E) (PSC begins with 'C'), Utilities (PSC begins with 'S1'), Construction (PSC begins with 'Y'). NAICS must not begin with '233' (except for 233110), '234', or '235' (Construction).

The dollar threshold for reporting PBSC is for procurement actions with an estimated value over \$25,000, and the action date is equal to or greater than October 1, 2000.

NOTE: Product and Service Codes should always be selected based upon the services being provided, not the source of funding.

Item 21. BUNDLING OF CONTRACT REQUIREMENTS

Leave blank if Item 16 is coded UNICOR (DUNS=626627459).

These codes pertain to the contract as a whole rather than the reported contract action. For modifications, report the same code as the original contract.

- Code Y = Yes. Report this code when the value of this contract, including all options, was expected to exceed \$5,000,000 and the contracting officer determined this contract action was a result of consolidating two or more requirements for supplies or services previously solicited, provided, or performed under separate small contracts, into a solicitation for a single contract likely to be unsuitable for award to a small business concern. See FAR 19.2, FAR Subpart 4.6, and FAR Subpart 2.101.
- Code N = No. Report this code when the contract action is not a bundling requirement.

Item 22. COUNTRY OF MANUFACTURE

Leave blank if Item 9 is coded Z (GSA or VA).

Leave blank if Item 16 is coded UNICOR (DUNS=626627459).

If acquiring supplies or equipment manufactured, mined, or grown in a foreign country, report the code from FIPS PUB 10 of that country. If a foreign contractor is performing a service, report the code from FIPS PUB 10 of that country. If the product is manufactured, mined, or grown in the USA (the 50 states, the District of Columbia or US outlying area), or a US contractor is performing the service, report US.

Item 23. SYNOPSIS OF PROCUREMENT PRIOR TO AWARD

Leave blank if Item 16 is coded UNICOR (DUNS=626627459).

Report one of the following codes based on the synopsis requirements of FAR Subpart 5.2. Use Code A if a combined synopsis/solicitation of the proposed action was prepared in accordance with FAR Subpart 12.603.

Use Code D if your agency is participating in the SBA/OFPP Pilot Program that allows for the waiver of the synopsis requirement in the FAR Subpart 5.2 when agencies acquire services valued between \$25,000 and \$100,000 from small businesses under set-asides. If the acquisition is subject to the Small Business Competitive Demonstration Test Program, Code D cannot be used.

- Code A = Synopsized prior to award.
- Code B = Not synopsized due to urgency.
- Code C = Not synopsized for other reason.

Agencies must notify OFPP of any data, other than that set forth below, to be reported on an optional basis. 1. DOD Claimant Program Code.

Data on ethnic group shall be reported for DOD only. Report one of the codes below if the contract action is awarded to a small disadvantaged business concern:

- Code F = Other SDB (Certified/determined by SBA)
- Code Z = No Representation

Item 48. FOR AGENCY INTERNAL USE

This item is reserved for agencies to collect data for their own internal use. This data need not be reported to FPDS.

C.3 UNIQUE REPORTING REQUIREMENTS

a. Reporting Orders under Indefinite Delivery Contracts (except Federal Schedule Contracts) and Basic Ordering Agreements.

Indefinite delivery contracts (including task order and delivery order contracts) and basic ordering agreements are not reportable to FPDS since the obligations/deobligations are reported on the orders. (See Code C in Item 9 (Kind of Contract Action), for additional guidance.) Procuring agencies are required to provide authorized ordering agencies the necessary data to report a complete ICAR for orders against indefinite delivery contracts (including task and delivery order contracts) and basic ordering agreements.

b. Reporting Federal Schedule Contracts.

The General Services Administration (GSA) and Department of Veterans Affairs (VA) shall report required data to establish the federal schedule contracts in the FPDS not later than 30 days following the end of the month in which the schedule was awarded. The data items that must be reported by GSA or VA to load the federal schedule contracts into the federal schedules contract file are shown in column 2 of the following chart entitled "Processing Orders Under Federal Schedule Contracts". This will permit special processing by the FPDC prior to reporting of the orders by the ordering agency during the normal submission schedule in Part II.A.2.

c. Reporting orders against Federal Schedule Contracts.

When an order against a federal schedule contract is reported, the ordering agency shall report the data items shown in column 3. The FPDS searches the federal schedules contract file for the schedule contract number. If the contract number is not found, the order report is rejected. If a match is found, the data items shown in column 4 are filled using the data in the federal schedules contract file. Those items and the items reported by the ordering agency (column 3) are placed in the ICAR file for the order.

If an ordering agency reports data shown in column 4, the data will be edited and matched against the federal schedules contract file data. If there is a discrepancy, the ordering agency will be notified by the FPDC. The ordering agency shall be responsible for reconciling the differences with GSA or VA and have those agencies correct the federal schedule contract file. If the ordering agency report is in error, no action is required in the FPDS because the order report will contain the GSA or VA federal schedule contract data.

d. Consolidated Reports (DOD Only)

- (1) Orders placed against indefinite delivery contracts awarded by the Defense Fuel Supply Center, the Defense General Supply Center (for petroleum and petroleum products), and the Military Sealift Command (for ocean transportation). The estimated value of the orders to be placed in each fiscal year against each contract is reported on a separate SF 279 in the appropriate fiscal year by the DOD central data collection point.
- (2) Air Mobility Command awards for international airlift services. The DOD central data collection point reports these actions at the end of each operating month by the issuance of one master SF 279 for each airlift contract.
- (3) Utilities vouchers processed by the U.S. Army Contracting Command, Europe (USACCE), for the purchase of utilities from municipalities, such as gas, electricity, water, sewage, steam, snow removal, and garbage collection. These actions are consolidated monthly and the cumulative dollar amount reported on a separate SF 279 by the DOD central data collection point.
- (4) Orders placed by Defense Commissary Agency for resale items in excess of \$25,000. Orders under each contract shall be consolidated monthly and cumulative dollar amounts reported by the DOD central data collection point on a single SF 279 for each contract.
- (5) Orders under communications service agreements for local dial tone services may be consolidated in accordance with DOD instructions.

e. Multiple Reporting (DOD Only)

A separate report is submitted for each part of a single action that involves:

- (1) More than one type of contract (such as cost-plus-incentive fee with cost-plus-award fee provisions) and the non-predominant portion exceed \$500,000.
- (2) Funds held in trust accounts for foreign governments or international organizations (including Foreign Military Sales) or procurements for foreign governments or international organizations regardless of the nature of the funds.
- (3) Multiple definitive actions with the same contract number (e.g. reporting unclassified information on classified contracts or actions under master ship repair agreements). Under such circumstances, DOD may report the DD350 number in Item 3 on the SF 279 to create a unique record for each contract action.

f. Telecommunications from Regulated Carriers

Contract actions for telecommunications from regulated carriers shall be reported. Contract actions may be aggregated by regulated carrier using one SF 279 for each carrier so long as the contract actions are reported within the fiscal year.

g. Reporting Purchases from UNICOR

Purchases from Federal Prison Industries, i.e., UNICOR, are considered intergovernmental transfers. Agencies shall report contract actions with UNICOR in accordance with the General Reporting Requirements in Part III.B of this Manual. Orders for UNICOR products from the GSA Stock Program are not reportable as these are purchases from GSA. Special reporting requirements are as follows:

(1) ICAR Reports (SF 279).

Report Items 1-17 when the contractor identification number (Item 16) represents UNICOR. All remaining SF 279 items must be blank.

(2) Summary Reports (SF 281).

Report total actions and net dollars in Part I, Column (e). Do not include in Part II.

(3) Contractor Identification Number for UNICOR.

The following contractor identification number will be used for reporting in the FPDS contract actions with Federal Prison Industries, i.e., UNICOR: 626627459.
